Registrations from 13 countries

The registrations for the Church Convention are being processed by an agency as central facility. Since the beginning of the registration phase in September 2013, registrations have already been processed from more than 1,300 congregations from 13 countries. Excluded from this registration process are the persons active as helpers or involved in program contributions at the Church Convention. These must register in the helper portal at www.eventorg-nak-sued.de and receive a free ticket as thanks for their commitment.
