Zurich. What task had the Apostle ministry to fulfil in bringing salvation to man according to the teachings of the Catholic Apostolic Church? It can be clearly shown from relevant teachings of the Catholic Apostolic Church that it attributed a special importance to apostles in preparing a group of firstfruits and that in this sense the apostle ministry was necessary for salvation.

In the following [survey \(PDF document\)](#) special attention will be given to a study of teachings that were authoritatively delivered until the beginning, in 1863, of what was eventually called the New Apostolic Church.

Salvation in the Teachings of the Catholic Apostolic Church

Introduction
In the following text an effort is made to give a correct understanding of Catholic teaching on salvation. It is not intended to give a complete overview of the Catholic Apostolic Church but to provide a clear and concise summary of the teachings of the Catholic Apostolic Church on the subject of salvation.

Christ central to all hope of salvation
The Catholic Apostolic Church teaches that Christ is the only way to God. He is the only one who has died for our sins and risen again. He is the only one who can save us from our sins and give us eternal life.

The principle of progressive change
The Catholic Apostolic Church teaches that salvation is a process. It is not something that can be achieved in a single moment. It is a process of progressive change that leads to eternal life.

The task of the apostle ministry resulted in a book of order
