

Manila. "We hope you will enjoy your stay!" With this friendly invitation the new designed internet site of the New Apostolic Church in the Philippines welcomes all readers. The new outlook is modern, with clear structures.

The headline of the site works like an official letter. The right side is reserved for links to other official websites of the church. The left column gives an insight into the church life in the Philippines and announces news.

Welcome to the [New Apostolic Church website of the Philippines!](#)
