

New responsibility for work in the New Apostolic Church in Scandinavia

Hamburg. In a divine service on 13 February 2005 in Tondern (Denmark), District Apostle Wilhelm Leber announced that from now on, Apostle Dieter Böttcher would be responsible for the New Apostolic congregations in Denmark, Norway, and Sweden.

Apostle Walter Drave, who was previously in charge of this area, has asked to be relieved of this responsibility so that he can better dedicate his efforts to the many tasks he has been assigned in the various Project Groups in which he is active at the request of the chief apostle.
