New York. On behalf of the several hundred New Apostolic Chinese members in the New York metropolitan area, the New Apostolic Church USA has made a generous contribution to the Red Cross which will assist in providing the necessary support to victims of the tragic earthquake in China.

In a statement made by District Apostle Freund (President of NAC USA), he offered the following remarks, '...We carry all those affected by the tragic earthquake in our thoughts and prayers. On behalf of our Chinese congregations in the United States, I was moved to make this special donation to aid those in need of disaster relief...!'
