## Festive divine service in Toronto

Toronto. The large hall in Toronto was filled to capacity when Chief Apostle Richard Fehr began the festive divine service. It was the last divine service of his extended trip to the Americas, which had led him all the way from Argentina to Canada.

The divine service was attended by more than 4,000 souls. The Bible passage from Psalm 107: 20: "He sent His word and healed them," also addressed the concerns and needs of daily life. Despite this however, Chief Apostle Richard Fehr emphasised that the peace of the Risen One heals us, as does the grace of Jesus, the love of God, and the communion of the Holy Spirit.

One couple also received their wedding blessing in this divine service.

On Tuesday morning the chief apostle and his companions arrived back in Zurich safe and sound.
