New Apostolic Church Introduces a New Guideline

In a letter that was read in all New Apostolic congregations at the end of January, 2001, Chief Apostle Richard Fehr, the leader of the New Apostolic Church informed the membership of the introduction of a new guideline. This established a uniform and binding guideline with the heading "Serving and Leading in the New Apostolic Church" that is applicable to all ministers and brethren entrusted with leadership roles in the congregations.

To give an insight into the contents of this guideline, read the text on our page "Faith and Church".
