

Always on hand – the apps

No need to search long and hard: you always have it on hand. In this way, the New Apostolic Church provides its members and anyone else who is interested access to the answers of such central questions as: What is our doctrine? What is new? Where is the nearest church?

For many people, smartphones and tablets have become essential tools for daily life. For this reason, the New Apostolic Church International offers important information also in the form of apps, which can be downloaded free of charge from Google Play (Android) and the Apple App Store (iOS/iPadOS).

- [naccatechism: the guide to our doctrine](#)
- [nacfaq: the question-and-answer guide](#)
- [nacmaps: the church finder](#)

[naccatechism: the guide to our doctrine](#) ↑

naccatechism ([Android/iOS](#)) features the complete contents of the *Catechism of the New Apostolic Church*, the comprehensive reference work on the New Apostolic faith. The central search function allows you to find random terms or chapters in the Catechism, including the subject index and Bible reference index. The app allows users to set bookmarks or to share texts with others via email or social networks. The menu and contents are available in five languages: English, French, German, Portuguese, and Spanish.

[nacfaq: the question-and-answer guide](#) ↑

nacfaq ([Android/iOS](#)) features the entire reference work with all of the 750 questions and answers on the doctrine of the New Apostolic Church. The contents corresponds to the Catechism, but has been developed in a more didactic manner and formulated more simply. Here too, search functions, bookmarks, and sharing are of course part of the significant features. Users can choose between English, French, German, and Spanish.

[nacmaps: the church finder](#) ↑

nacmaps ([Android/iOS](#)) features address and contact information as well as the service times of thousands of congregations around the world. The app shows whether a church is wheelchair accessible and whether it is equipped to receive satellite broadcasts of divine services. A tap will immediately link the address to the navigation app installed on your device. The menu and contents are available in four languages: English, French, German, and Spanish.
